**UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington D.C. 20549**

**FORM 10-Q**

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended April 4, 2009

OR

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number 1-8174

**DUCOMMUN INCORPORATED**

(Exact name of registrant as specified in its charter)

**Delaware**  
(State or other jurisdiction of  
incorporation or organization)

**95-0693330**  
(I.R.S. Employer  
Identification No.)

**23301 Wilmington Avenue, Carson, California 90745-6209**  
(Address of principal executive offices) (Zip Code)

**(310) 513-7280**  
(Registrant's telephone number, including area code)

---

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every interactive data file required to be submitted and posted pursuant to Rule 405 of Regulation S-T (section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definition of accelerated filer, large accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer  Accelerated filer  Non-accelerated filer  Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date. As of April 4, 2009, there were outstanding 10,448,676 shares of common stock.

DUCOMMUN INCORPORATED AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(Unaudited)

**Note 1. Summary of Significant Accounting Policies**

Consolidation

The consolidated financial statements include the accounts of Ducommun Incorporated and its subsidiaries (“Ducommun” or the “Company”), after eliminating intercompany balances and transactions. The consolidated balance sheet is unaudited as of April 4, 2009, the consolidated statements of income are unaudited for the three months ended April 4, 2009 and March 29, 2008 and the consolidated statements of cash flows are unaudited for the three months ended April 4, 2009 and March 29, 2008. The interim financial statements reflect all adjustments, consisting only of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented. The financial information included in this Form 10-Q should be read in conjunction with the Company’s consolidated financial statements and related notes thereto included in the Form 10-K for the year ended December 31, 2008. The results of operations for the three months ended April 4, 2009 are not necessarily indicative of the results to be expected for the full year ending December 31, 2009.

Ducommun operates in two business segments: Ducommun AeroStructures, Inc. (“DAS”), engineers and manufactures aerospace structural components and subassemblies, and Ducommun Technologies, Inc. (“DTI”), designs, engineers and manufactures electromechanical components and subassemblies, and provides engineering, technical and program management services (including design, development, integration and test of prototype products) principally for the aerospace and military markets. The significant accounting policies of the Company and its two business segments are as described below.

Earnings Per Share

Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding in each period. Diluted earnings per share is computed by dividing income available to common shareholders plus income associated with dilutive securities by the weighted average number of common shares outstanding plus any potential dilutive shares that could be issued if exercised or converted into common stock in each period.

## Table of Contents

The weighted average number of shares outstanding used to compute earnings per share is as follows:

	Three Months Ended	
	April 4, 2009	March 29, 2008
Basic weighted average shares outstanding	10,495,000	10,551,000
Dilutive potential common shares	7,000	84,000
Diluted weighted average shares outstanding	<u>10,502,000</u>	<u>10,635,000</u>

The numerator used to compute diluted earnings per share is as follows:

	Three Months Ended	
	April 4, 2009	March 29, 2008
Net earnings (total numerator)	<u>\$ 2,585,000</u>	<u>\$ 5,252,000</u>

The weighted average number of shares outstanding, included in the table below, is excluded from the computation of diluted earnings per share because the average market price did not exceed the exercise price. However, these shares may be potentially dilutive common shares in the future.

	Three Months Ended	
	April 4, 2009	March 29, 2008
Stock options and stock units	752,000	293,000

## Comprehensive Income

Certain items such as unrealized gains and losses on certain investments in debt and equity securities and pension liability adjustments are presented as separate components of shareholders' equity. The current period change in these items is included in other comprehensive loss and separately reported in the financial statements. Accumulated other comprehensive loss, as reflected in the Consolidated Balance Sheets under the equity section, is comprised of a pension liability adjustment of \$3,640,000 net of tax, and an interest rate hedge mark-to-market adjustment of \$707,000, net of tax at April 4, 2009, compared to a pension liability adjustment of \$3,640,000, net of tax, and an interest rate hedge mark-to-market adjustment of \$792,000, net of tax at December 31, 2008.

## [Table of Contents](#)

### Recent Accounting Pronouncements

On September 15, 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 157, “*Fair Value Measurements*” (“SFAS No. 157”), which addresses how companies should measure fair value when they are required to use a fair value measure for recognition or disclosure purposes under Generally Accepted Accounting Principles (“GAAP”). As a result of SFAS No. 157 there is now a common definition of fair value to be used throughout GAAP. The FASB believes that the new standard will make the measurement of fair value more consistent and comparable and improve disclosures about those measures. The effective date of SFAS No. 157 was delayed for certain nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The Company adopted certain provisions of SFAS No. 157 for financial assets and liabilities in the first quarter of 2008 which did not have a material effect on the Company’s results of operations and financial position. The Company is currently evaluating the impact of the adoption of SFAS No. 157 for nonfinancial assets and liabilities, on its results of operations and financial position.

In December 2007, FASB issued Statement of Financial Accounting Standards No. 141, (revised 2007), “*Business Combinations*” (“SFAS No. 141(R)”), which continues the evolution toward fair value reporting and significantly changes the accounting for acquisitions that close beginning in 2009, both at the acquisition date and in subsequent periods. SFAS No. 141(R) introduces new accounting concepts and valuation complexities, and many of the changes have the potential to generate greater earnings volatility after the acquisition. SFAS No. 141(R) applies to acquisitions on or after January 1, 2009 and will impact the Company’s reporting prospectively only.

In December 2007, FASB issued Statement Financial Accounting Standards No. 160, “*Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51*” (“SFAS No. 160”), which requires companies to measure an acquisition of noncontrolling (minority) interest at fair value in the equity section of the acquiring entity’s balance sheet. The effective date to adopt SFAS No. 160 for the Company was January 1, 2009. The adoption of SFAS No. 160 did not have a material effect on its results of operations and financial position.

In March 2008, FASB issued Statement of Financial Accounting Standards No. 161, “*Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133*” (“SFAS No. 161”). SFAS No. 161 amends and expands the disclosure requirements of SFAS No. 133 with the intent to provide users of financial statements with an enhanced understanding of how and why an entity uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations and how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flow. The provisions of SFAS No. 161 were effective for the Company beginning in the first quarter of 2009. The adoption of SFAS No. 161 did not have a material effect on the Company’s financial statements.

## [Table of Contents](#)

### Use of Estimates

Certain amounts and disclosures included in the consolidated financial statements required management to make estimates and judgments that affect the amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. These estimates are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

### Reclassifications

Certain prior period information has been reclassified to conform to the current period presentation.

### **Note 2. Acquisitions**

On December 23, 2008, the Company acquired DynaBil Industries, Inc. ("DAS-New York"), a privately-owned company based in Coxsackie, New York for \$45,322,000 (net of cash acquired and excluding acquisition costs). The purchase price for DAS-New York remains subject to adjustment based on a closing balance sheet. DAS-New York is a leading provider of titanium and aluminum structural components and assemblies for commercial and military aerospace applications. The acquisition was funded from internally generated cash, notes to the sellers, and borrowings of approximately \$10,500,000 under the Company's credit agreement.

The following table presents unaudited pro forma consolidated operating results for the Company for the quarter ended March 29, 2008 as if the DAS-New York acquisition had occurred as of the beginning of the period presented.

	<b>(Unaudited)</b> <b>(In thousands)</b> <b>Three Months Ended</b> <b>March 29,</b> <b>2008</b>
Net sales	\$ 109,235
Net income	5,144
Basic earnings per share	0.49
Diluted earnings per share	0.48

The consolidated financial statements reflect estimates of the fair value of the assets acquired and liabilities assumed and the related allocation of the purchase price for DAS-New York. The principal estimates of fair value were determined using expected net present value techniques utilizing a 15% discount rate. Customer relationships are valued assuming an annual attrition rate of 3%. Management does not expect adjustments to these estimates, if any, to have a material effect on the Company's consolidated financial position or results of operations.

[Table of Contents](#)

The table below summarizes the purchase price allocation for DAS-New York at the date of acquisition (December 23, 2008).

	<u>(In thousands)</u>	
	<u>April 4, 2009</u>	<u>December 31, 2008</u>
Tangible assets, exclusive of cash	\$ 18,633	\$ 17,889
Intangible assets	19,730	20,430
Goodwill	19,746	20,434
Liabilities assumed	(12,470)	(12,470)
Cost of acquisition, net of cash acquired	<u>\$ 45,639</u>	<u>\$ 46,283</u>

Amortization expense of other intangible assets was \$391,000 and \$464,000 for the three months ended April 4, 2009 and March 29, 2008, respectively. Future amortization expense is expected to be as follows:

<u>(In thousands)</u>	<u>Ducommun AeroStructures</u>	<u>Ducommun Technologies</u>	<u>Total Ducommun</u>
Balance of 2009	\$ 1,436	\$ 1,023	\$ 2,459
2010	2,629	1,363	3,992
2011	2,867	900	3,767
2012	2,828	851	3,679
2013	2,219	850	3,069
Thereafter	7,648	3,829	11,477
	<u>\$ 19,627</u>	<u>\$ 8,816</u>	<u>\$ 28,443</u>

[Table of Contents](#)**Note 3. Inventories**

Inventories consist of the following:

	(In thousands)	
	April 4, 2009	December 31, 2008
Raw materials and supplies	\$ 21,398	\$ 19,918
Work in process	80,521	75,633
Finished goods	5,031	4,940
	106,950	100,491
Less progress payments	18,820	17,334
Total	<u>\$ 88,130</u>	<u>\$ 83,157</u>

**Note 4. Long-Term Debt**

Long-term debt is summarized as follows:

	(In thousands)	
	April 4, 2009	December 31, 2008
Bank credit agreement	\$45,100	\$ 20,000
Notes and other obligations for acquisitions	10,206	10,719
Total debt	55,306	30,719
Less current portion	1,932	2,420
Total long-term debt	<u>\$53,374</u>	<u>\$ 28,299</u>

The Company is party to an Amended and Restated Credit Agreement with Bank of America, N.A., as Administrative Agent, Wachovia Bank, National Association, as Syndication Agent, and the other lenders named therein (the "Credit Agreement"). The Credit Agreement provides for an unsecured revolving credit line of \$75,000,000 maturing on April 7, 2010. Interest is payable monthly on the outstanding borrowings at Bank of America's prime rate (3.25% at April 4, 2009) plus a spread (0% to 0.75% per annum based on the leverage ratio of the Company) or, at the election of the Company, for terms of up to six months at the LIBOR rate (0.49% at April 4, 2009 for one month LIBOR) plus a spread (1.75% to 2.50% per annum depending on the leverage ratio of the Company). The Credit Agreement includes minimum fixed charge coverage, maximum leverage and minimum net worth covenants, an unused commitment fee (0.25% to 0.40% per annum depending on the leverage ratio of the Company), and limitations on future dispositions of property, repurchases of common stock, dividends, outside indebtedness, and acquisitions. At April 4, 2009, the Company had \$28,894,000 of unused lines of credit, after deducting \$1,006,000 for outstanding standby letters of credit. The Company had outstanding loans of \$45,100,000 and was in compliance with all covenants at April 4, 2009.

## [Table of Contents](#)

On September 5, 2007 the Company entered into a \$20,000,000 interest rate swap with Bank of America, N.A. The interest rate swap is for a \$20,000,000 notional amount, under which the Company receives a variable interest rate (one month LIBOR) and pays a fixed 4.88% interest rate, with monthly settlement dates. The interest rate swap expires on September 13, 2010. As of April 4, 2009, the one month LIBOR rate was approximately 0.49%, and the fair value of the interest rate swap was a liability of approximately \$1,179,000. The Company believes that the credit risk associated with the counterparty is nominal.

In connection with the DAS-New York acquisition in December 2008, the Company issued a promissory note in the initial principal amount of \$7,000,000 bearing five (5%) percent interest per annum, which interest should be paid annually on each anniversary of the closing date and payable in cash principal installments of \$4,000,000 18 months following the closing, and \$3,000,000 on the fifth anniversary of the closing, together with any unpaid interest payment accrued in respect to the outstanding principal.

The weighted average interest rate on borrowings outstanding was 3.86% at April 4, 2009, compared to 4.87% at March 29, 2008. The carrying amount of long-term debt approximates fair value based on the terms of the related debt, recent transactions and estimates using interest rates currently available to the Company for debt with similar terms and remaining maturities.

SFAS No. 157 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. SFAS No. 157 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of the fair value hierarchy defined by SFAS No. 157 are as follows:

Level 1: Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives and listed equities.

Level 2: Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reported date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including time value, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace.

## [Table of Contents](#)

Level 3: Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

The following table sets forth by level within the fair value hierarchy the Company's financial assets and liabilities that were accounted for at fair value on a recurring basis as of April 4, 2009. As required by SFAS No. 157, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Recurring Fair Value Measures (In thousands)	At Fair Value as of April 4, 2009			Total
	Level 1	Level 2	Level 3	
<b>Assets:</b>				
Interest rate swap	\$ —	\$ —	\$ —	\$ —
<b>Liabilities:</b>				
Interest rate swap	\$ —	\$1,179,000	\$ —	\$1,179,000

### **Note 5. Shareholders' Equity**

The Company is authorized to issue five million shares of preferred stock. At April 4, 2009 and March 29, 2008, no preferred shares were issued or outstanding.

At April 4, 2009, \$2,773,030 remained available to repurchase common stock of the Company under stock repurchase programs as previously approved by the Board of Directors. The Company repurchased 80,576 shares, or \$1,042,000, of its common stock during the first quarter of 2009. The Company repurchased 1,359 shares, or \$37,000, of its common stock during the first quarter of 2008, in the open market.

### **Note 6. Employee Benefit Plans**

The Company has a defined benefit pension plan covering certain hourly employees of a subsidiary. Pension plan benefits are generally determined on the basis of the retiree's age and length of service. Assets of the defined benefit pension plan are composed primarily of fixed income and equity securities.

## [Table of Contents](#)

The components of net periodic pension cost for the defined benefit pension plan are as follows:

	(In thousands)	
	Three Months Ended	
	April 4, 2009	March 29, 2008
Service cost	\$ 125	\$ 137
Interest cost	208	188
Expected return on plan assets	(228)	(225)
Amortization of actuarial loss	93	17
Net periodic post retirement benefit cost	<u>\$ 198</u>	<u>\$ 117</u>

### **Note 7. Indemnifications**

The Company has made guarantees and indemnities under which it may be required to make payments to a guaranteed or indemnified party, in relation to certain transactions, including revenue transactions in the ordinary course of business. In connection with certain facility leases the Company has indemnified its lessors for certain claims arising from the facility or the lease. The Company indemnifies its directors and officers to the maximum extent permitted under the laws of the State of Delaware. However, the Company has a directors and officers insurance policy that may reduce its exposure in certain circumstances and may enable it to recover a portion of future amounts that may be payable, if any. The duration of the guarantees and indemnities varies and, in many cases is indefinite but subject to statute of limitations. The majority of guarantees and indemnities do not provide any limitations of the maximum potential future payments the Company could be obligated to make. Historically, payments related to these guarantees and indemnities have been immaterial. The Company estimates the fair value of its indemnification obligations as insignificant based on this history and insurance coverage and has, therefore, not recorded any liability for these guarantees and indemnities in the accompanying consolidated balance sheets. However, there can be no assurances that the Company will not have any future financial exposure under these indemnification obligations.

### **Note 8. Income Taxes**

The Company records the interest charge and penalty charge, if any, with respect to uncertain tax positions as a component of tax expense. During the three months ended April 4, 2009 and March 29, 2008, the Company recognized approximately \$24,000 and \$59,000, respectively, in interest related to uncertain tax positions. The Company had approximately \$320,000 and \$335,000 for the payment of interest and penalties accrued at April 4, 2009 and December 31, 2008, respectively.

The Company's total amount of unrecognized tax benefits was approximately \$2,161,000 and \$2,014,000 at April 4, 2009 and December 31, 2008, respectively. These amounts, if recognized, would affect the annual income tax rate.

## [Table of Contents](#)

During 2008, the Company concluded the examination of its federal income tax returns for 2005 and 2006. The Company's California franchise (income) tax returns for 2004 and 2005 have been selected for examination. Management does not expect the results of this examination to have a material impact on the Company's financial statements. Federal income tax returns after 2006, California franchise (income) tax returns after 2005 and other state income tax returns after 2004 are subject to examination.

### **Note 9. Contingencies**

The Company is a defendant in a lawsuit entitled United States of America ex rel Taylor Smith, Jeannine Prewitt and James Ailes v. The Boeing Company and Ducommun Inc., filed in the United States District Court for the District of Kansas. The lawsuit is qui tam action brought against The Boeing Company ("Boeing") and Ducommun on behalf of the United States of America for violations of the United States False Claims Act. The lawsuit alleges that Ducommun sold unapproved parts to the Boeing Commercial Airplanes-Wichita Division which were installed by Boeing in 32 aircraft ultimately sold to the United States government. The lawsuit seeks damages, civil penalties and other relief from the defendants for presenting or causing to be presented false claims for payment to the United States government. Although the amount of alleged damages are not specified, the lawsuit seeks damages in an amount equal to three times the amount of damages the United States government sustained because of the defendants' actions, plus a civil penalty of \$10,000 for each false claim made on or before September 28, 1999, and \$11,000 for each false claim made on or after September 28, 1999, together with attorneys' fees and costs. The Company intends to defend itself vigorously against the lawsuit. The Company, at this time, is unable to estimate what, if any, liability it may have in connection with the lawsuit.

DAS has been directed by California environmental agencies to investigate and take corrective action for ground water contamination at its facilities located in El Mirage and Monrovia, California. Based on currently available information, the Company has established a reserve for its estimated liability for such investigation and corrective action in the approximate amount of \$3,114,000. DAS also faces liability as a potentially responsible party for hazardous waste disposed at two landfills located in Casmalia and West Covina, California. DAS and other companies and government entities have entered into consent decrees with respect to each landfill with the United States Environmental Protection Agency and/or California environmental agencies under which certain investigation, remediation and maintenance activities are being performed. Based upon currently available information, the Company has established a reserve for its estimated liability in connection with the landfills in the approximate amount of \$1,588,000. The Company's ultimate liability in connection with these matters will depend upon a number of factors, including changes in existing laws and regulations, the design and cost of construction, operation and maintenance activities, and the allocation of liability among potentially responsible parties.

In the normal course of business, Ducommun and its subsidiaries are defendants in certain other litigation, claims and inquiries, including matters relating to environmental laws. In addition, the Company makes various commitments and incurs contingent liabilities. While it is not feasible to predict the outcome of these matters, the Company does not presently expect that any sum it may be required to pay in connection with these matters would have a material adverse effect on its consolidated financial position, results of operations or cash flows.

**Note 10. Business Segment Information**

The Company supplies products and services to the aerospace industry. The Company's subsidiaries are organized into two strategic businesses, each of which is a reportable operating segment. The accounting policies of the segments are the same as those of the Company. Ducommun AeroStructures, Inc. ("DAS") engineers and manufactures aerospace structural components and subassemblies. Ducommun Technologies, Inc. ("DTI"), designs, engineers and manufactures electromechanical components and subsystems, and provides engineering, technical and program management services (including design, development, integration and test of prototype products) principally for the aerospace and military markets.

Financial information by operating segment is set forth below:

	(In thousands)	
	Three Months Ended	
	April 4, 2009	March 29, 2008
Net Sales:		
Ducommun AeroStructures	\$ 72,752	\$ 63,849
Ducommun Technologies	38,603	34,809
Total Net Sales	<u>\$ 111,355</u>	<u>\$ 98,658</u>
Segment Operating Income		
Ducommun AeroStructures	\$ 3,978	\$ 10,543
Ducommun Technologies	3,341	1,227
	7,319	11,770
Corporate General and Administrative Expenses	(2,822)	(3,258)
Total Operating Income	<u>\$ 4,497</u>	<u>\$ 8,512</u>

[Table of Contents](#)

Segment assets include assets directly identifiable with each segment. Corporate assets include assets not specifically identified with a business segment, including cash.

	(In thousands)	
	April 4, 2009	December 31, 2008
Total Assets:		
Ducommun AeroStructures	\$244,437	\$ 229,914
Ducommun Technologies	122,094	118,401
Corporate Administration	14,424	17,871
Total Assets	<u>\$380,955</u>	<u>\$ 366,186</u>

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

**Overview**

Ducommun Incorporated (“Ducommun” or the “Company”), through its subsidiaries designs, engineers and manufactures aerostructure and electromechanical components and subassemblies, and provides engineering, technical and program management services principally for the aerospace industry. These components, assemblies and services are provided principally for domestic and foreign commercial and military aircraft, helicopter, missile and related programs as well as space programs.

Domestic commercial aircraft programs include the Boeing 737NG, 747, 767, 777 and 787. Foreign commercial aircraft programs include the Airbus Industrie A330 and A340 aircraft, Bombardier business and regional jets, and the Embraer 145 and 170/190. Major military programs include the Boeing C-17, F-15 and F-18 and Lockheed Martin F-16 and F-22 aircraft, and various aircraft and shipboard electronics upgrade programs. Commercial and military helicopter programs include helicopters manufactured by Boeing (principally the Apache and Chinook helicopters), Sikorsky, Bell, Augusta and Carson. The Company also supports various unmanned space launch vehicle and satellite programs.

In the first quarter of 2009, the Company recorded a pre-tax inventory reserve of \$4,359,000 related to inventory on-hand for Eclipse Aviation Corporation (“Eclipse”). Eclipse is currently going through Chapter 7 of the bankruptcy law essentially forcing liquidation. In November 2008, Eclipse had filed for protection under Chapter 11 of the bankruptcy law. Its stated intention at that time was to reorganize and emerge from bankruptcy under new ownership. Based on this and other available information, the Company recorded an increase in allowance for doubtful accounts in the amount of \$1,130,000 in 2008 because of the Chapter 11 filing and retained inventory and equipment totaling \$4,359,000 on its books in anticipation of future business with Eclipse. The Company continued to provide product to Eclipse until it discontinued business in the first quarter of 2009. The Company currently has approximately \$127,000 of assets related to Eclipse remaining, which approximates the scrap value of the inventory at April 4, 2009.

## [Table of Contents](#)

Sales, gross profit as a percentage of sales, selling, general and administrative expenses as a percentage of sales, the effective tax rate and the diluted earnings per share, in the first quarter of 2009 and 2008, respectively, were as follows:

	First Quarter	
	2009	2008
Sales (in \$000's)	\$ 111,355	\$98,658
Gross Profit % of Sales	15.5%	21.2%
SG&A Expense % of Sales	11.5%	12.5%
Effective Tax Rate	33.0%	36.8%
Diluted Earnings Per Share	\$ 0.25	\$ 0.49

The Company manufactures components and assemblies principally for domestic and foreign commercial and military aircraft and space programs. The Company's Miltec subsidiary provides engineering, technical and program management services almost entirely for United States defense, space and homeland security programs.

The Company's mix of military, commercial and space business in the first quarters of 2009 and 2008, respectively, was approximately as follows:

	First Quarter	
	2009	2008
Military	61%	59%
Commercial	37	39
Space	2	2
Total	<u>100%</u>	<u>100%</u>

## Table of Contents

The Company is dependent on Boeing commercial aircraft, the C-17 aircraft and the Apache helicopter programs. Sales to these programs, as a percentage of total sales, for the first quarters of 2009 and 2008, respectively, were approximately as follows:

	First Quarter	
	2009	2008
Boeing Commercial Aircraft	16%	17%
Boeing Apache Helicopter	11	15
Boeing C-17 Aircraft	9	9
All Others	64	59
Total	<u>100%</u>	<u>100%</u>

Sales in the first quarter of 2009 were higher than the first quarter of 2008 by \$12,697,000, primarily due to sales from the DAS-New York acquisition (December 2008). Sales in the first quarter of 2009 from DAS-New York were \$11,321,000.

Net income for the first quarter of 2009 was lower than the first quarter of 2008. The decline in net income in 2009 was driven primarily by the pre-tax inventory reserves for Eclipse of \$4,359,000 and an increase in interest expense due to higher debt in 2009, partially offset by lower income taxes.

## **Results of Operations**

### First Quarter of 2009 Compared to First Quarter of 2008

Net sales in the first quarter of 2009 was \$111,355,000, compared to net sales in the first quarter 2008 of \$98,658,000. Net sales in the first quarter of 2009 increased 12.9% from the same period last year primarily due to sales of \$11,321,000 from DAS-New York, which was acquired in December 2008. The Company's mix of business in the first quarter of 2009 was approximately 61% military, 37% commercial, and 2% space, compared to 59% military, 39% commercial, and 2% space in the first quarter of 2008.

## [Table of Contents](#)

The Company had substantial sales, through both of its business segments, to Boeing, the United States government, Sikorsky and Raytheon. During the first quarters of 2009 and 2008, sales to these customers were as follows:

	(In thousands)	
	Three Months Ended	
	April 4, 2009	March 29, 2008
Boeing	\$33,863	\$ 34,022
United States government	9,599	7,863
Sikorsky	9,122	1,807
Raytheon	6,369	6,941
Total	<u>\$58,953</u>	<u>\$ 50,633</u>

At April 4, 2009, trade receivables from Boeing, the United States government, Sikorsky and Raytheon were \$9,734,000, \$4,353,000, \$4,694,000 and \$3,151,000, respectively. The sales and receivables relating to these customers are diversified over a number of different commercial, space and military programs.

Military components manufactured by the Company are employed in many of the country's front-line fighters, bombers, helicopters and support aircraft, as well as sea-based applications. Engineering, technical and program management services are provided principally for United States defense, space and homeland security programs. The Company's defense business is diversified among military manufacturers and programs. Sales related to military programs were approximately \$67,943,000, or 61% of total sales in the first quarter 2009, compared to \$58,137,000, or 59% of total sales in the first quarter of 2008. The increase in military sales in the first quarter of 2009 resulted principally from a \$7,195,000 increase in sales to the Blackhawk program, primarily at the DAS-New York operation, a \$3,539,000 increase in sales to the DTI military missiles programs, a \$2,644,000 increase in sales to the F-15 program, primarily at DTI and a \$932,000 increase in all other military programs at DAS and DTI, partially offset by a reduction of \$2,930,000 in sales to the Apache helicopter program at DAS and \$1,574,000 in sales to the F-18 program, primarily at DTI. The Apache helicopter program accounted for approximately \$12,068,000 in sales in the first quarter of 2009, compared to \$14,998,000 in sales in the first quarter of 2008. The Blackhawk program accounted for approximately \$9,869,000 in sales in the first quarter 2009 compared to \$2,674,000 in sales in 2008. The C-17 program accounted for approximately \$9,712,000 in sales in the first quarter of 2009 compared to \$8,997,000 in sales, in the first quarter of 2008. The F-15 program accounted for approximately \$4,662,000 in sales in the first quarter 2009 compared to \$2,018,000 in sales in 2008. The F-18 program accounted for approximately \$2,682,000 in sales in the first quarter 2009 compared to \$4,256,000 in sales in 2008.

The Company's commercial business is represented on many of today's major commercial aircraft. Sales related to commercial business were approximately \$41,243,000, or 37% of total sales in the first quarter of 2009, compared to \$38,470,000, or 39% of total sales in the first quarter of 2008. During the first quarter of 2009, commercial sales were higher principally because of a \$1,350,000 increase in sales to the Boeing 777 program, primarily at the DAS-New York operation and a \$1,423,000 increase in all other commercial programs at DAS and DTI. Sales to the Boeing 737NG program accounted for approximately \$10,103,000 in sales in the first quarter of 2009, compared to \$10,378,000 in sales in the first quarter of 2008. The Boeing 777 program accounted for approximately \$4,083,000 in sales in the first quarter of 2009 compared to \$2,733,000 in sales in the first quarter of 2008.

## [Table of Contents](#)

In the space sector, the Company produces components for a variety of unmanned launch vehicles and satellite programs and provides engineering services. Sales related to space programs were approximately \$2,169,000, or 2% of total sales in the first quarter of 2009, compared to \$2,051,000, or 2% of total sales in the first quarter of 2008. The increase in sales for space programs resulted principally from an increase in engineering services at DTI.

Backlog is subject to delivery delays or program cancellations, which are beyond the Company's control. As of April 4, 2009, backlog believed to be firm was approximately \$434,387,000 compared to \$475,800,000 at December 31, 2008. Approximately \$217,000,000 of total backlog is expected to be delivered during the remainder of 2009. The backlog at April 4, 2009 included the following programs:

	<b>Backlog (In thousands)</b>
737NG	\$ 47,311
F-18	42,051
Apache Helicopter	39,338
Blackhawk Helicopter	34,652
C-17	30,415
Carson Helicopter	26,827
Chinook Helicopter	21,596
777	18,172
	<u>\$ 260,362</u>

Trends in the Company's overall level of backlog, however, may not be indicative of trends in future sales because the Company's backlog is affected by timing differences in the placement of customer orders and because the Company's backlog tends to be concentrated in several programs to a greater extent than the Company's sales. The production rate and the Company's sales for the Apache helicopter program are expected to be reduced by approximately one-half from the rate in 2008. Current program backlog will be shipped over an extended delivery schedule.

Gross profit, as a percent of sales, decreased to 15.5% in the first quarter of 2009 compared to 21.2% in the first quarter of 2008. The gross profit margin decrease was primarily attributable to an inventory reserve of \$4,359,000, or 3.9% of sales, taken for inventory related to Eclipse and lower operating performance at DAS, partially offset by higher operating performance at DTI.

## [Table of Contents](#)

Selling, general and administrative (“SG&A”) expenses increased to \$12,809,000, or 11.5% of sales in the first quarter of 2009, compared to \$12,379,000, or 12.5% of sales, in the first quarter of 2008. The increase in SG&A expenses was due primarily to the expenses related to the acquisition of DAS-New York.

Interest expense was \$639,000 in the first quarter of 2009, compared to \$203,000 in the first quarter of 2008. The increase was primarily due to higher debt in 2009.

Income tax expense decreased to \$1,273,000 in the first quarter of 2009, compared to \$3,057,000 in the first quarter of 2008. The decrease in income tax expense was due to a decrease in income before taxes and a lower effective income tax rate. The Company’s effective tax rate for the first quarter of 2009 was 33%, compared to 36.8% in the first quarter of 2008. The Company’s effective tax rate in the first quarter of 2009 included the benefit of research and development tax credits. The Company’s effective tax rate in the first quarter of 2008 did not include the benefit of research and development tax credits. The federal tax law providing for research and development tax credits had not been extended by the end of March 29, 2008.

Net income was \$2,585,000, or \$0.25 diluted earnings per share, in the first quarter of 2009 compared to \$5,252,000, or \$0.49 diluted earnings per share, in the first quarter of 2008. Net income for the first quarter of 2009 includes an after-tax charge of \$2,920,000, or \$0.27 per diluted share, for the Eclipse inventory reserve discussed above.

## **Financial Condition**

### Cash Flow Summary

Net cash used in operating activities for the first three months of 2009 and 2008 was \$23,446,000 and \$14,727,000, respectively. Net cash used in operating activities for the first three months of 2009 was impacted by an increase in accounts and unbilled receivables of \$14,312,000 primarily related to the timing of billings to customers and extension of payments by the customers, a reduction in accrued and other liabilities of \$11,402,000 (consisting primarily of a \$7,156,000 decrease in accrued bonuses and incentives, a \$3,358,000 reduction in customer deposits and a \$1,048,000 reduction in deferred compensation), and an increase in inventory of \$4,973,000 primarily related to work-in-process for production jobs scheduled to be shipped in 2009 and 2010, partially offset by a reduction in deferred compensation deposits of \$2,021,000.

Net cash used in investing activities for the first three months of 2009 consisted primarily of \$1,696,000 of capital expenditures.

Net cash used in financing activities for the first three months of 2009 of \$22,764,000 included approximately \$24,584,000 of net borrowings of debt, \$938,000 repurchase of stock, \$789,000 of cash dividends paid and \$93,000 of cash payments related to the exercise of stock options.

## [Table of Contents](#)

The Company continues to depend on operating cash flow and the availability of its bank line of credit to provide short-term liquidity. Cash from operations and bank borrowing capacity are expected to provide sufficient liquidity to meet the Company's obligations during the next twelve months.

### Liquidity and Capital Resources

The Company is party to an Amended and Restated Credit Agreement with Bank of America, N.A., as Administrative Agent, Wachovia Bank, National Association, as Syndication Agent, and the other lenders named therein (the "Credit Agreement"). The Credit Agreement provides for an unsecured revolving credit line of \$75,000,000 maturing on April 7, 2010. Interest is payable monthly on the outstanding borrowings at Bank of America's prime rate (3.25% at April 4, 2009) plus a spread (0% to 0.75% per annum based on the leverage ratio of the Company) or, at the election of the Company, for terms of up to six months at the LIBOR rate (0.49% at April 4, 2009 for one month LIBOR) plus a spread (1.75% to 2.50% per annum depending on the leverage ratio of the Company). The Credit Agreement includes minimum fixed charge coverage, maximum leverage and minimum net worth covenants, an unused commitment fee (0.25% to 0.40% per annum depending on the leverage ratio of the Company), and limitations on future dispositions of property, repurchases of common stock, dividends, outside indebtedness, and acquisitions. At April 4, 2009, the Company had \$28,894,000 of unused lines of credit, after deducting \$1,006,000 for outstanding standby letters of credit. The Company had outstanding loans of \$45,100,000 and was in compliance with all covenants at April 4, 2009. The Company plans to amend its credit agreement during the second quarter of 2009.

On September 5, 2007 the Company entered into a \$20,000,000 interest rate swap with Bank of America, N.A. The interest rate swap is for a \$20,000,000 notional amount, under which the Company receives a variable interest rate (one month LIBOR) and pays a fixed 4.88% interest rate, with monthly settlement dates. The interest rate swap expires on September 13, 2010. As of April 4, 2009, the one month LIBOR rate was approximately 0.49%, and the fair value of the interest rate swap was a liability of approximately \$1,179,000. The Company believes that the credit risk associated with the counterparty is nominal.

In connection with the DAS-New York acquisition in December 2008, the Company issued a promissory note in the initial principal amount of \$7,000,000 bearing five (5%) percent interest per annum, which interest should be paid annually on each anniversary of the closing date and payable in cash principal installments of \$4,000,000 18 months following the closing, and \$3,000,000 on the fifth anniversary of the closing, together with any unpaid interest payment accrued in respect to the outstanding principal.

The weighted average interest rate on borrowings outstanding was 3.86% at April 4, 2009, compared to 4.87% at March 29, 2008. The carrying amount of long-term debt approximates fair value based on the terms of the related debt, recent transactions and estimates using interest rates currently available to the Company for debt with similar terms and remaining maturities.

## [Table of Contents](#)

The Company expects to spend less than \$14,000,000 for capital expenditures in 2009. The capital expenditures in 2009 are principally to support new contract awards at DAS and DTI and offshore manufacturing expansion. The Company believes the ongoing subcontractor consolidation makes acquisitions an increasingly important component of the Company's future growth. The Company plans to continue to seek attractive acquisition opportunities and to make substantial capital expenditures for manufacturing equipment and facilities to support long-term contracts for both commercial and military aircraft programs.

Dividends are subject to the approval of the Board of Directors, and will depend upon the Company's results of operations, cash flows and financial position.

The Company has made guarantees and indemnities under which it may be required to make payments to a guaranteed or indemnified party, in relation to certain transactions, including revenue transactions in the ordinary course of business. In connection with certain facility leases the Company has indemnified its lessors for certain claims arising from the facility or the lease. The Company indemnifies its directors and officers to the maximum extent permitted under the laws of the State of Delaware. However, the Company has a directors and officers insurance policy that may reduce its exposure in certain circumstances and may enable it to recover a portion of future amounts that may be payable, if any. The duration of the guarantees and indemnities varies and, in many cases, is indefinite but subject to statute of limitations. The majority of guarantees and indemnities do not provide any limitations of the maximum potential future payments the Company could be obligated to make. Historically, payments related to these guarantees and indemnities have been immaterial. The Company estimates the fair value of its indemnification obligations as insignificant based on this history and insurance coverage and has, therefore, not recorded any liability for these guarantees and indemnities in the accompanying consolidated balance sheets. However, there can be no assurances that the Company will not have any future financial exposure under these indemnification obligations.

## Table of Contents

As of April 4, 2009, the Company expects to make the following payments on its contractual obligations (in thousands):

<u>Contractual Obligations</u>	<u>Total</u>	<u>Payments Due by Period</u>			
		<u>Remainder of 2009</u>	<u>2010- 2012</u>	<u>2013- 2015</u>	<u>After 2015</u>
Interest rate swap	\$ 1,179	\$ —	\$ 1,179	\$ —	\$ —
Future interest on notes payable and long-term debt	1,696	836	710	150	—
Pension liability	6,739	2,362	4,377	—	—
Liabilities related to uncertain tax positions	2,482	334	1,754	394	—
Operating leases	19,097	3,561	10,318	4,078	1,140
Long-term debt	55,306	1,918	50,325	3,063	—
<b>Total</b>	<b>\$86,499</b>	<b>\$ 9,011</b>	<b>\$68,663</b>	<b>\$7,685</b>	<b>\$1,140</b>

The Company is a defendant in a lawsuit entitled United States of America ex rel Taylor Smith, Jeannine Prewitt and James Ailes v. The Boeing Company and Ducommun Inc., filed in the United States District Court for the District of Kansas. The lawsuit is qui tam action brought against The Boeing Company (“Boeing”) and Ducommun on behalf of the United States of America for violations of the United States False Claims Act. The lawsuit alleges that Ducommun sold unapproved parts to the Boeing Commercial Airplanes-Wichita Division which were installed by Boeing in 32 aircraft ultimately sold to the United States government. The lawsuit seeks damages, civil penalties and other relief from the defendants for presenting or causing to be presented false claims for payment to the United States government. Although the amount of alleged damages are not specified, the lawsuit seeks damages in an amount equal to three times the amount of damages the United States government sustained because of the defendants’ actions, plus a civil penalty of \$10,000 for each false claim made on or before September 28, 1999, and \$11,000 for each false claim made on or after September 28, 1999, together with attorneys’ fees and costs. The Company intends to defend itself vigorously against the lawsuit. The Company, at this time, is unable to estimate what, if any, liability it may have in connection with the lawsuit.

DAS has been directed by California environmental agencies to investigate and take corrective action for ground water contamination at its facilities located in El Mirage and Monrovia, California. Based on currently available information, the Company has established a reserve for its estimated liability for such investigation and corrective action in the approximate amount of \$3,114,000. DAS also faces liability as a potentially responsible party for hazardous waste disposed at two landfills located in Casmalia and West Covina, California. DAS and other companies and government entities have entered into consent decrees with respect to each landfill with the United States Environmental Protection Agency and/or California environmental agencies under which certain investigation, remediation and maintenance activities are being performed. Based upon currently available information, the Company has established a reserve for its estimated liability in connection with the landfills in the approximate amount of \$1,588,000. The Company’s ultimate liability in connection with these matters will depend upon a number of factors, including changes in existing laws and regulations, the design and cost of construction, operation and maintenance activities, and the allocation of liability among potentially responsible parties.

---

## [Table of Contents](#)

In the normal course of business, Ducommun and its subsidiaries are defendants in certain other litigation, claims and inquiries, including matters relating to environmental laws. In addition, the Company makes various commitments and incurs contingent liabilities. While it is not feasible to predict the outcome of these matters, the Company does not presently expect that any sum it may be required to pay in connection with these matters would have a material adverse effect on its consolidated financial position, results of operations or cash flows.

### Off-Balance Sheet Arrangements

The Company's off-balance sheet arrangements consist of operating leases.

### Recent Accounting Pronouncements

On September 15, 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 157, “*Fair Value Measurements*” (“SFAS No. 157”), which addresses how companies should measure fair value when they are required to use a fair value measure for recognition or disclosure purposes under Generally Accepted Accounting Principles (“GAAP”). As a result of SFAS No. 157 there is now a common definition of fair value to be used throughout GAAP. The FASB believes that the new standard will make the measurement of fair value more consistent and comparable and improve disclosures about those measures. The effective date of SFAS No. 157 was delayed for certain nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The Company adopted certain provisions of SFAS No. 157 for financial assets and liabilities in the first quarter of 2008 which did not have a material effect on the Company’s results of operations and financial position. The Company is currently evaluating the impact of the adoption of SFAS No. 157 for nonfinancial assets and liabilities, on its results of operations and financial position.

In December 2007, FASB issued Statement of Financial Accounting Standards No. 141, (revised 2007), “*Business Combinations*” (“SFAS No. 141(R)”), which continues the evolution toward fair value reporting and significantly changes the accounting for acquisitions that close beginning in 2009, both at the acquisition date and in subsequent periods. SFAS No. 141(R) introduces new accounting concepts and valuation complexities, and many of the changes have the potential to generate greater earnings volatility after the acquisition. SFAS No. 141(R) applies to acquisitions on or after January 1, 2009 and will impact the Company’s reporting prospectively only.

In December 2007, FASB issued Statement Financial Accounting Standards No. 160, “*Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51*” (“SFAS No. 160”), which requires companies to measure an acquisition of noncontrolling (minority) interest at fair value in the equity section of the acquiring entity’s balance sheet. The effective date to adopt SFAS No. 160 for the Company was January 1, 2009. The adoption of SFAS No. 160 did not have a material effect on its results of operations and financial position.

In March 2008, FASB issued Statement of Financial Accounting Standards No. 161, “*Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133*” (“SFAS No. 161”). SFAS No. 161 amends and expands the disclosure requirements of SFAS No. 133 with the intent to provide users of financial statements with an enhanced understanding of how and why an entity uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations and how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flow. The provisions of SFAS No. 161 were effective for the Company beginning in the first quarter of 2009. The adoption of SFAS No. 161 did not have a material effect on the Company’s financial statements.

**Item 3. Quantitative and Qualitative Disclosures about Market Risk**

The Company uses an interest rate swap for certain debt obligations to manage exposure to interest rate changes. On September 5, 2007, the Company entered into a \$20,000,000 interest rate swap with Bank of America, N.A. The interest rate swap is for a \$20,000,000 notional amount, under which the Company receives a variable interest rate (one month LIBOR) and pays a fixed 4.88% interest rate, with monthly settlement dates. The interest rate swap expires on September 13, 2010. As of April 4, 2009, the one month LIBOR rate was approximately 0.49% and the fair value of the interest rate swap was a liability of approximately \$1,179,000. An increase or decrease of 50 basis-points in the LIBOR interest rate of the swap at April 4, 2009 would result in a change of approximately \$122,000 in the fair value of the swap.

**Item 4. Controls and Procedures**

Disclosure Controls and Procedures

The Company's chief executive officer and chief financial officer have concluded, based on an evaluation of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)), that such disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Control Over Financial Reporting

There has been no change in the Company's internal control over financial reporting during the three months ended April 4, 2009 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

**Item 1. Legal Proceedings**

See Item 3 of the Company's Form 10-K for the year ended December 31, 2008 for a discussion of the lawsuit entitled United States of America ex rel Taylor Smith, Jeannine Prewitt and James Ailes v. The Boeing Company and Ducommun Inc.

**Item 1A. Risk Factors**

See Item 1A of the Company's Form 10-K for the year ended December 31, 2008 for a discussion of risk factors.

**Certification of Principal Executive Officer  
Pursuant to Section 302 of the  
Sarbanes-Oxley Act of 2002**

I, Joseph C. Berenato, certify that:

1. I have reviewed this Quarterly Report of Ducommun Incorporated (the "registrant") on Form 10-Q for the period ended April 4, 2009;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

- d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Joseph P. Bellino

Vice President and Chief Financial Officer

**Certification Pursuant to  
18 U.S.C. Section 1350,  
as Adopted Pursuant to Section 906 of  
the Sarbanes-Oxley Act of 2002**

In connection with the Quarterly Report of Ducommun Incorporated (the "Company") on Form 10-Q for the period ending April 4, 2009 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), we, Joseph C. Berenato, Chairman and Chief Executive Officer of the Company, and Joseph P. Bellino, Vice President and Chief Financial Officer of the Company, certify pursuant to 18 U.S.C. § 1350, as adopted pursuant to § 906 of the Sarbanes-Oxley Act of 2002, that to the best of our knowledge:

- (1) The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

By: /s/ Joseph C. Berenato  
Joseph C. Berenato  
Chairman and Chief Executive Officer

By: /s/ Joseph P. Bellino  
Joseph P. Bellino  
Vice President and Chief Financial Officer

Date: May 4, 2009

The foregoing certification is accompanying the Form 10-Q solely pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and is not being filed as part of the Form 10-Q or as a separate disclosure document.
